### **APPLYING FOR A FRESHWATER FISHING RECORD**

The Wildlife Resources Commission maintains records for popular freshwater sport fishes caught by rod and reel or cane pole in state waters. State record fish must be weighed on scales certified by the N.C. Department of Agriculture and verified by a Wildlife Resources Commission fisheries biologist (or biologist designated by the Commission). For an application form and other requirements, visit [www.ncwildlife.org](http://www.ncwildlife.org) and follow the link for *Fishing Programs* under the *Fishing* topic, or call the Division of Inland Fisheries at (919) 707-0220.

## NORTH CAROLINA ANGLER RECOGNITION PROGRAM

Any angler who catches a fish meeting specific size requirements can apply to have the catch recognized as a “trophy” fish through the North Carolina Angler Recognition Program, or NCARP. This program provides recognition to all anglers who catch trophy-size fish that are not large enough to qualify as state record fish. **In 2008, five new species were added to the list of 32 freshwater fishes eligible for NCARP certification — pumpkinseed sunfish, redbfin pickerel, kokanee salmon, bullhead catfish and freshwater drum.**

**Youth age 15 and younger may apply for a Youth NCARP certificate. Youth NCARP certificates are available for any fish listed below and do not have to meet any minimum length and weight requirements.**
